

Kati Twist 2.0

NEW

The right twist for every conduit

- Crank for time-saving unwinding and rewinding
- Suitable for right- and left-handed users
- Removable **pulling aid in the handle** on the back
- Extra short starting sleeve for passing narrow bending radii
- Compatible with Kati-Blitz and Cablemax accessories
- Pull-in rod can be **easily repaired by the user** with 16mm² crimping pliers
- High tensile strength due to **3-fold twisted pull-in tapes** - tensile loads up to 130 kg (tape/starting sleeve)

Accessories included:

- 1 Pulling Grip Kati® Twist 2.0
- 1 flexible guiding head Ø 10 mm
- 1 pulling eye, brass internal M5 thread, Ø 6 mm
